TROUBLE FREE TECHNOLOGY MAKES A DIFFERENCE

Dart Development Spotlights KI Technology Group

Lansing, Michigan, November 30, 2010 – System failures, blank screens, indecipherable error messages – all costly IT problems for any business. KI Technology Group Makes a Difference to their clients' bottom line by providing trouble free IT services. They deliver system maintenance and support services that suit individual business needs. KI Technology Group is November's *Dart Development Difference-Maker* of the *Dart Development Difference* Campaign, which seeks and recognizes those businesses that are driving economic development in our state and local communities.

KI Technology Group Makes a Difference by first educating their clients and then focusing on preventing client network and system problems. "We have found over the years that clients who have an understanding of technology are better able to make decisions for their organizations," explained Linda Lynch, President of KI Technology Group.

They provide a wide range of services to fit a variety of business needs from large networks to individual home businesses. Of these services, a company might choose one of KI Technology's flat rate programs to help manage costs, while another may appreciate the convenience of their remote access services.

Their business plan is working. "We set a goal at the beginning of the year to grow by 10% and we are well ahead of our goal as we head into the last month of the year. We will be setting revenue goals that are 20% higher than what we achieve in 2010 and expect to add an additional team member in 2011," said Linda. "KI Technology Makes a Difference by taking the hassle out of IT which allows businesses to focus on growth and increasing the bottom line," said Marsha Zimmerman, Marketing Manager of Dart Development Group.

Each *Difference-Maker* is featured in a live radio interview on the Michael Patrick Shiels Show, broadcast on MI Talk Network, locally at 1240am, and on Fox-47 TV. Dart Development Group values the Difference that sets successful businesses apart from the rest. The *Difference* at Dart Development means greater flexibility in working with business partners and tenants, proven experience in developing and leasing quality business space, and successful delivery of custom space that fits the needs of today's businesses. Nominations for future *Dart Development Difference-Makers* are welcome and may be submitted at www.dartdevelopment.com.

Dart Development Group

Dart Development owns and manages business parks in Michigan, California, and Florida. The parks offer office and warehouse options as well as build to suit to lease options. Michigan's Wixom Business Center and Oakwood Executive Park are State Certified Business Parks conveniently located near major highways and centrally located in the Midwest business corridor. For details on park features and land available for development visit: www.dartdevelopment.com
